2022/23 MITIGATING CIRCUMSTANCES (MCs) CLAIM FORM

Mitigating circumstances (MCs) are defined as serious unforeseen, unpreventable circumstances that significantly disrupt student performance in assessment. As a student you are expected to plan your work, so you can meet assessment deadlines at the same time as other obligations which you may have both inside and outside the Institute. The Mitigating Circumstances process **should only be used** if you **experience significant, unforeseen disruptions to your studies due to circumstances over which you had no control.**

The IIT operates a **'fit to sit'** policy, which means if you submit a piece of coursework or sit an exam and/or in- class test, etc., you have deemed yourself fit to do so. You cannot submit a mitigating circumstance claim for poor performance within assessment(s). It is your responsibility to determine if you are fit to participate in an assessment or if a mitigating circumstances claim should be submitted.

- Claims should be submitted as close as possible to the time when the mitigating circumstances occur and normally within 7 working days of the mitigating circumstances occurring.
- Late claims **will not** normally be considered, other than in highly exceptional circumstances, where the problems encountered justify the lateness of the claim as well as the claim itself.
- All claims must demonstrate how the stated circumstances prevented you from attending and/or submitting your assessment by the deadline and **must** be substantiated by original independent documentary evidence, e.g. medical certificate.

Claims with missing information may not be considered and may be returned to you.

The outcome of your mitigating circumstances claim will normally be informed by email to your **IIT email account** within 15 working days. However, it can take longer than 15 working days at busy times of the academic year.

You can download the MC form from the LMS and email the completed form with evidence to Foundation_MC_form@iit.ac.lk and mention your student ID number of the Foundation Programme in the subject line of the mail as indicated in the parentheses (E.g., 2022xxxx_Foundation)
